

Dear Parent / Carer,

Holidays in term time

If you are looking to book a holiday, please try to make your booking during school holidays wherever possible. Holidays during school time will only be authorised in exceptional circumstances and will not be authorised during September (from next year) or during SATs. In 2010 SATs for Y2 will take place during the month of May and for Y6 during the week beginning 10th May. From 2011, Y6 SATs will take place in June.

Parents' Information Evening

Last night the information evenings were held for each phase group. It was fantastic to see so many parents keen to find out what children will be learning, how learning is organised and how to help at home. We do value your support. It is widely recognised that a strong home/school partnership is vital in helping your child reach his/her potential.

Initial feedback suggests that parents found these meetings very informative. We are interested in everyone's views so please complete and return the reply slip below to give your feedback. Your comments are very important to us and will help shape the support which is provided to parents throughout the year.

If you were unable to attend, you will be receiving some information which explains the items discussed.

Focus Days

Last year we introduced a number of focus days and focus weeks to our curriculum. These have been very popular with children, parents and staff and will therefore will continue this year. Our first focus day takes place next Friday and is based on the children's choice of what they want to learn about. Rather than a whole school theme, each class has voted for their choice of theme for the day. If you are able to help in any way or have an interest in any of the following themes, please see your child's class teacher.

KS1 - Animals

Y3/4B - Animals

Y3/4R - Art

Y3/4V - Drama

Y5/6E - Art

Y5/6N - Food

Y5/6C - Art

Hopefully, it will be an exciting day and I look forward to sharing the highlights with you next week.

Attendance champions

Well done to Class 5/6N who had 100% attendance last week! Attendance for the whole school was 99% which is above our school target of 95.1%.

Mrs Godfrey, Headteacher

Parents' Information Evening Feedback

What did you find useful?

How could we improve the meeting?

What else would you like to receive information about?
